# **\$1 Per Lead Turnkey System**

## **1. The Big Idea: Why \$1 Per Lead Works with a \$1.60 Product**

At first glance it looks strange:

"You pay \$1.60 once... and then you can earn \$1.00 for every buyer you send? How is that possible?"

Here is the logic.

### **1. Front-end product price: \$1.60**

- Every new buyer who comes through your link pays \$1.60 for this same guide and system.

### **2. Affiliate commission: \$1.00 per qualified buyer**

- From each \$1.60 sale we give you \$1.00.
- We keep the remaining \$0.60 and the future value of that buyer (future product offers, upgrades, etc.).

### **3. For Real Buyers Only**

- A "lead" in our system is not a free opt-in.
- A paid lead = someone who actually purchased this e-book through your link, using a real email and valid payment method.
- That is why we can afford to pay you. You are sending us real customers, not just free subscribers.

### **4. Turnkey model**

- You don't have to create a product, funnel, checkout, or support system.
- You simply send targeted traffic to a low-ticket offer that truly explains how everything works.

This is the heart of the \$1 Per Lead Turnkey System:

You paid a small amount once to unlock a ready-made buyer funnel and a clear commission structure.

## Step 4 – Find Your Referral Link

In the Affiliate Area you'll see an offer like:

"\$1 Per Lead Turnkey System – Main Offer"

Click it to view your personal referral URL, which will look similar to:

<https://buyer.myleadbiz.com/pay-per-lead/?ref=YourUsername>

Copy this URL. This is your main promotion link.

## Step 5 – Read the Qualification Rules

Before you send traffic, you must understand exactly:

- What is a qualified buyer
- Which buyers are not counted
- Which traffic sources are prohibited

We cover this in the next section.

---

## 4. Qualification Rules: What Counts as a Paid Lead

We want honest affiliates and long-term stability. That is why rules are strict.

A buyer counts as a qualified paid lead only if all conditions are met.

### 4.1. They Must Purchase Through Your Link

- The visitor must click your affiliate link and complete the purchase of the \$1 Per Lead Turnkey System during that session (or within the tracking window we specify in the dashboard).
- If they buy without your tracking cookie or using someone else's link, you will not receive commission.

---

## 4.2. They Must Be New

- The buyer must be a first-time customer for this product.
- If they purchased the e-book earlier (through any link), they will not count again.
- Multiple purchases by the same person / email are normally counted once.

## 4.3. Real Identity & Valid Email

- A valid email address is required for download and support.
- We may ask buyers to confirm their email or log into the member area.
- Obvious fake emails (e.g. random letters, temporary throwaway domains) may be rejected.

## 4.4. No Self-Purchase for Commission

- You are allowed to buy the product for yourself (you already did).
- But you cannot earn commission on your own purchase.
- Using multiple accounts to “cycle” the product and generate commissions for yourself is not allowed.

## 4.5. No Incentivized or Forced Signups

We do not pay for buyers who:

- Were promised money or gifts in exchange for buying.
- Were forced or misled about what they are buying.
- Bought only to receive a direct reward from you (for example: “buy this and I’ll instantly send you \$1.20 back”).

You can offer bonuses related to the product, but the main motivation must be the system itself, not pure cash or bribe.

## 4.6. No Fraudulent or Abusive Traffic

We may void commissions and suspend accounts for:

- Bot traffic, scripted clicks, or automated purchasing.
- Credit-card fraud, chargeback fraud, or stolen payment methods.
- Traffic from known spam networks, mass fake accounts, or black-hat schemes.

We reserve the right to:

- Manually review your sales,
- Request more information about your traffic sources,
- Reject suspicious buyers, and
- Close abusive accounts.

If you promote honestly, you have nothing to worry about.

---

## 5. Traffic Mindset: "Real Buyers Only"

The product name includes the phrase "For Real Buyers Only" on purpose.

We don't want:

- People who never spend money online
- Freebie hunters who sign up for every free thing
- Click-exchange participants who join only for points.

We want:

- People who are comfortable paying \$1.60
- People who are already interested in making money online or affiliate marketing
- People who will actually read and use this guide

# \$1 Per Lead Turnkey System

Why is that good for you?

1. Your commissions are tied to real purchases.
2. Our system stays profitable and can keep running for the long term.
3. We can later add more useful products and give you additional offers to promote to the same audience.

Always think:

"Would this person ever buy a small digital product online?"

If the answer is no, they are not your target.

---

## 6. Where to Promote: Recommended Traffic Sources

Here are traffic sources that usually bring better results for this type of low-ticket, global offer.

### 6.1. Existing Email List

If you already have subscribers interested in:

- Make money online
- Affiliate marketing
- Side income
- Marketing tools or traffic

...then they are perfect for this system.

- Send a small email sequence introducing the concept (templates in Section 7).
- Remind them that the product is low-cost, worldwide, and comes with an affiliate program.

## 6.2. Social Profiles & Groups

Use profiles, pages or groups where people discuss:

- Online earning
- Work-from-home
- Freelancing / digital marketing
- Business opportunities

Post short messages explaining:

- They can buy a mini-guide for \$1.60
- It teaches a real model to earn \$1 per buyer
- They'll get a turnkey system and an affiliate link after purchase.

Platforms where this can work well:

- Facebook (profiles, pages, groups – follow group rules)
- Twitter/X
- Instagram (bio + story + post)
- TikTok / Shorts / Reels (short videos with your link in bio)
- LinkedIn (for side-hustle audiences)

## 6.3. Content Platforms

Create content that lives longer:

- Blog posts
- Medium articles
- Quora answers (where allowed)
- Reddit posts in relevant communities (respect each subreddit's rules)
- YouTube or Vimeo videos

People who search and read/watch longer content are often more serious and more likely to buy even low-ticket offers.

## 6.4. Paid Ads (Optional, Advanced)

Only if you understand advertising and tracking, you can test:

- Simple text ads or banner ads
- Social ads targeting “make money online / side hustle / affiliate marketing” interests
- Low-budget campaigns

**Your goal:**

Cost per qualified buyer < \$1.00

Start small. Do not scale until you know your real cost per sale.

---

## 7. Copy & Paste Promo Angles (Posts + Emails)

You can adapt these to your style and language.

### 7.1. Short Social Posts

#### Post 1 – Straightforward Offer

## Email #2 – Explain the Logic

### *Subject ideas:*

- “How can they pay \$1 on a \$1.60 product?”
- “The math behind this \$1 per buyer system”

### **Body:**

Hi [Name],

People always ask: “How can they pay \$1.00 commission on a \$1.60 product?”

The answer is simple:

- Each buyer pays \$1.60 for the \$1 Per Lead Turnkey System guide.
- The company shares \$1.00 with the affiliate who brought that buyer.
- They keep the remaining \$0.60 plus the long-term value of that customer (future offers, upgrades, etc.).

In other words, this isn't magic – it's just fair sharing of revenue from a small, low-ticket product.

If you want a transparent micro-income stream, start here:

1. Buy the guide for \$1.60
2. Activate your affiliate account
3. Promote your referral link wherever people are interested in making money online.

All the steps are inside the PDF.

You can grab it here:

## 8. Practical Campaign Examples

Here are a few practical “plug-and-play” campaigns.

### Campaign 1 – 3-Day Email Burst

Day 1: Send Email #1

Day 2–3: Share a short post on your main social profile linking to the offer.

Day 3–4: Send Email #2

Day 5–6: Send Email #3 to everyone who didn’t click yet.

**Track:**

- Clicks from each email
- Number of buyers
- Commissions credited in your dashboard.

### Campaign 2 – Social + Content Hybrid

#### 1. Write a simple review article on your blog or Medium:

- What the system is
- Why it’s low-risk (only \$1.60)
- How \$1 per buyer works
- Who it’s for / not for.  
Include your affiliate link in multiple places.

#### 2. Share the article link on:

- Facebook groups

## Campaign 3 – Short Video Review

1. Record a 2–5 minute video:
    - Show the sales page
    - Explain in your own words what you liked
    - Mention the price and commission
    - Emphasise honesty (not get-rich-quick).
  2. Upload to YouTube, TikTok, Reels, or Shorts.
  3. Put your affiliate link in the description or bio.
- 

## 9. Compliance & No-Spam Policy

To keep the program safe for everyone:

### 9.1. Email Rules

- Only email people who have opted in or clearly permitted marketing from you.
- Always include a valid unsubscribe option.
- Do not use misleading subject lines.

## 9.3. Prohibited Methods

We may void commissions and close accounts for:

- Bot traffic, traffic exchanges, autosurf systems.
- Mass unsolicited messages on WhatsApp / Telegram / SMS.
- Fake or stolen payment methods.
- Rings of people buying for each other only to trigger commissions.

When in doubt, choose the safer, more honest approach.

---

## 10. Scaling from First Sale to Consistent Income

Once you see your first few sales in the dashboard, you know:

- Your message works
- Your audience likes the offer
- Our tracking & payouts are functioning for you.

Then:

### 1. Double down on the best source.

If Facebook posts bring sales, post more and test new angles. If your email list converts, send more campaigns.

### 2. Track numbers.

Keep a small spreadsheet:

- Clicks sent
- Buyers
- Commission earned
- Source (where the traffic came from)

---

Website: <https://buyer.myleadbiz.com/pay-per-lead/>

Support: [support@myleadbiz.com](mailto:support@myleadbiz.com)

# \$1 Per Lead Turnkey System

### 3. Test one thing at a time.

- Different subject lines
- Different opening sentences
- Different calls to action

### 4. Add more content assets.

- Another review article
- Another video
- A pinned tweet/thread, etc.

Over time, you can turn this into steady small income that runs quietly in the background.

---
